Scoping Research Engineer Work

Andreas Müller

Associate Research Scientist
Columbia University
Scikit-learn Technical Committee

So what's a Research Engineer / Research Software Engineer?

Types of Framework

- Single project individual contributor

- Staff consulting role (multi-project)

- Soft money multi-project IC

- Independent PI with own agenda

MSDSE :
somewhat different; money not directly tied to project

Types of Activities

- Software Development (broad oss)
- Software Development (specific need)
- Workshops / teaching
- Office hours / guidance
  - → How to organize?

Individual Motivations vs Funding
